# Electromagnetic (EM) Book Tags

**COMPATIBLE WITH ALL EM SYSTEMS INCLUDING 3M™, CHECK POINT™ AND ALL TESTED SYSTEMS!**

Dear teacher librarian,

continuing our efforts to provide a range of services when we can give phenomenal savings we are now able to provide EM tags at nearly 50% off retail pricing.

These tags are industry standard double-sided for concealment in the spine of a book or media resource with the tail to easily remove to expose the adhesive surface.

For DVD and CD ROMs we have an EM label to place on the surface of the CD/DVD which will allow normal operation and concealment.

**16c  
PER TAG!**
